

Faith in Action

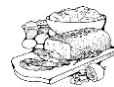

Through the school year- join us in service projects with activities available for individuals from grade school upward. For younger individuals we ask that a parent accompany them.

The service projects will range from recycling plastic bags into a woven sleeping mat, sewing pillow cases, tying fleece hats, making nursing home door hangers, making placemats, making cards for seriously ill children, etc. A variety of skill level activities will be available each night.

A light meal will be served. Come after school activities and hang out with friends doing good together OR bring the family for food and service together.
