WITNESSES OF HOPE | A LETTER FROM YOUR HOLY FAMILY PRIEST

The Church always has a future. It is complex, rooted in the past, in the risen Christ, in the God of history, of life, who promises to remain with us until the end of time, and places all its hope in this: in the certainty that God keeps His promises. If He said He will be with us every day until the end of the world, then He will be. That is why in the process we are going through now as a Church, we trust in God's promise to remain always with us and that the powers of hell will not prevail in it. We have already experienced it for twenty-one centuries and there is no reason why it should not be so now. In our personal lives too, we can have hope because we have already experienced God's presence in our lives and the fulfillment of His promises. That is why we remain part of the Church, we go to Mass, we pray the Rosary, we read the Bible ... to remind us again and again in whom we have placed our hope. We are called to give an account of our faith; with our lives we bear witness that we trust that the Church is always directed by the power of the Spirit who gives life and seeks that the Church of Christ be a light for the nations. Let us pray for the new Pope and for the whole Church so that we may know how to respond to the challenges of today's world with an evangelical and hopeful attitude. -Fr. Fernando Torres
